

CODE OF ETHICS

Members shall comply with applicable building codes of Canada and Ontario as a minimum standard for construction and shall work toward its improvement in the interest of structural sufficiency, safety and health.

Members shall plan their sites and homes to conform to the principles of good community planning and support for the environment.

Members shall deal justly with their employees, contractors and suppliers of all goods and services.

Members shall deal honestly and fairly with their customers, and stand behind the quality of their work and service commitments.

Members shall exchange information and experience, and encourage research on materials, technical advancements and building techniques in order to provide the best value for their customers.

Members shall avoid all conduct or practice detrimental to the home building industry, to the Association, to the good name and reputation of any of its members, or its customers.

Members shall commit to continuing learning through human resource policies and practices, including employment practices which treat employees as assets.

Members shall actively promote health and safety principles.

Members shall treat their competitors, including their property and ideas, with respect.
